Who We Are
AgriBank, with nearly $110 billion in total assets, is one of the largest funding Banks within the national Farm Credit System. Under our unique cooperative structure, AgriBank is owned by 14 local Farm Credit Associations that are also our customers. We expertly and reliably obtain funds and prudently provide funding and financial solutions to Associations. The Associations, in turn, support the financial needs of farmers, ranchers and other rural customers who own them. The Federal Farm Credit Banks Funding Corporation raises funds AgriBank uses for loans and leases through the sale of Farm Credit Systemwide debt securities (bonds and notes) in U.S. and global money markets.
